

The Shepherd's Tavern Update

Summer 2022

Exploring our next steps

The board met virtually in July to discuss what a hugely successful year we have had and what we will pursue for our next steps. At this time, we have a local team looking at building the lodge for us like they have built a church in the past. Stay tuned as this unfolds for the Shepherd's Tavern (TST). Meanwhile, we are raising funds to begin work on the next cabin - a duplex, which will offer handicapped access, an adjoining door to accommodate a family on both sides, and possibly a soaking tub!

We are adding to our board

We will be recruiting additional members for our board. We want to add people who reside nearby the retreat center, so we hosted a dinner in August for some locals who may want to join the board or who know someone that would be a good addition to our board. We are encouraged. The evening was a great success.
